Use the information above to write your paragraphs.

The European Revolutions happened like a chain reaction, one after the other. France started the chain with their revolution. Many of the revolutions focused on ~~individualist~~ ~~individualist~~ individualist ideals, giving more power to the people. Many of the revolutions resulted in the establishment of new governments that followed United States ideals. However, However, many of the revolutions resulted in <sup>more</sup> political unrest. Revolutions can be beneficial, but they can also be the opposite.
