#### Assignment

Following the death of Akbar, India entered a vulnerable stage. Akbar managed to bring together the many diverse people who lived in India.

1. Use the graphic organizer to summarize the different aspects of Indian culture, defining the difficult challenges, and proposing possible solutions.
2. After completing the organizer, use the information to construct a paragraph that proposes possible solutions to future leaders of India.

Diverse Religious Groups	Challenges	Solutions
Muslim	<ul style="list-style-type: none"> <li>• Did not blend with Indian culture - attacked other religions.</li> </ul>	<ul style="list-style-type: none"> <li>• Over time, Muslim rulers became Indians themselves.</li> <li>• Indians accepted <del>many</del> Islam</li> </ul>
Hindu	<ul style="list-style-type: none"> <li>• <del>Many</del> destroyed temples</li> <li>• Temples were destroyed by other religions</li> </ul>	<ul style="list-style-type: none"> <li>• As Islam <del>then</del> started to be accepted by Indian culture, Hinduism grew stronger.</li> </ul>
Buddhist	<ul style="list-style-type: none"> <li>• Mahmud destroyed temples</li> <li>• Temples and artwork were attacked by Muslims.</li> </ul>	<ul style="list-style-type: none"> <li>• When Muslim rulers stopped attacking, Buddhism grew.</li> </ul>

Dear all future rulers of India,

Tolerance. I cannot stress the importance of tolerance enough. Accepting others for their beliefs sounds trivial, but ~~the long~~ it is easy to overlook the long-term benefits.

Sincerely,

Zach
